

***Smiles For Children* Provider Training Sessions**

Dear Valued ***Smiles For Children*** Provider,

As a way to expand provider participation in training sessions, an alternative venue of teleconferencing will be utilized for the Summer Provider Training Sessions. The traditional on-site provider training conferences held across the Commonwealth will continue for the Fall Provider Training Sessions.

Teleconferencing enables participants to join the conference call using a dial in number and access code. This will provide an opportunity for providers to receive updates on NPI, Electronic Funds Transfer, Office Reference Manual, and Program changes. Subject matter experts will be available to answer questions related to authorizations, clinical issues, and policies and procedures.

We look forward to introducing an innovative approach to our Provider Training Sessions. We hope you and your office staff will participate in the call from the convenience of your office.

WHEN

July 25, 2007	July 26, 2007
8:00 a.m.-9:30 a.m.	12:00 p.m. - 1:30 p.m.
